

Q10 Hand Cream

Intensive nourishment for beautifully soft hands.
Protects against premature skin ageing.

Q10, the body's own anti-ageing substance, supports the skin in its important protective and repair functions. As a screen against radicals, Q10 defuses aggressive oxygen compounds that attack our skin and make it sag quicker. Premature skin ageing and the development of fine lines is therefore prevented. Skin regenerating allantoin, moisturising collagen and genuine broccoli seed oil support sustainable nourishment for beautifully soft hands. Absorbs quickly and does not leave a film on the skin. Pleasant, gentle fragrance. No added colouring; the deep yellow comes solely from the contained Q10!

Ingredients:

Aqua, Cetearyl Alcohol, Sorbitol, Isopropyl Palmitate, Pentylene Glycol, Brassica Oleracea Italica Seed Oil, Stearic Acid, Palmitic Acid, Pentaerythrityl Distearate, Dicaprylyl Carbonate, Ubiquinone, Hydrolyzed Collagen, Allantoin, Lecithin, Tocopherol, Ascorbyl Palmitate, Sodium Cetearyl Sulfate, Hydrogenated Palm Glycerides Citrate, Parfum (Hexyl Cinnamal, Linalool).
